FOR INFORMATION uchpe@sduaher.ac.in University Centre for Health Professions Education, SDUAHER, Tamaka, Kolar

Sri R L Jalappa Centenary Year International Conference

A landmark event in the Sri R L Jalappa Centenary Year, bringing together global thought leaders, educators, researchers and healthcare professionals to explore the evolving landscape of health science education and its sustainability.

Held at Kolar in the Sri R L Jalappa Centenary Year, with a pre-conference workshop, keynotes, panels and research presentations.

- Open to faculty from any higher education institution.
- Abstracts of up to 300 words, peer reviewed, for oral and poster presentation.

Plenary topics

- Health professions education curriculum: Global to regional, bridging the gap
- Coaching: An integral component of competence-based education
- Programmatic assessment for documenting acquisition of competencies in health professions education
- Entrustable Professional Activities: Way forward for embracing competency-based education in health science universities
- Empowering educators through transformative leadership for sustaining change
- Opportunities for educational fellowships in India and abroad for professional development
- Need for quality initiative in educational programmes for a robust IPE

Research categories

- Strategies for integrating emerging technologies
- Approaches to curriculum development and assessment
- Enhancing student engagement and learning outcomes through active teaching-learning
- Adapting assessment and feedback mechanisms for continuous learning and improvement
- Leadership approaches to manage change and foster innovation in health education
- Building resilience and adaptability in health education programmes
- Sustainability practices and their impact on educational quality
- Other topics related to educational innovation and adaptation in health professions education
